

Lambswool Dusters

Manufactured from the finest quality Australian lambswool, mounted on durable polypropylene handles. Our Lambswool dusters set a benchmark for quality and durability for the industry. The fine crimped wool fibres form an intricate network that actually picks up and holds the dust, ensuring the dust isn't flicked into the air to settle later. The large, thick 14" dusting head ensures fast, effective dusting for every purpose. Sized to suit every application. Clean in warm, soapy water.
