9012 Baby Change Station

NEW!

The modern styling and easy-to-clean surface of our Baby Change Station is fabricated of 100% high-density polyethylene. Features an easy opening/closing pneumatic mechanism with an oversized hinge and safety stop system. The built-in dispenser for towels or sanitary liners, hooks for diaper bag and purse, plus multi-lingual instructions add friendliness and convenience. Unit supports a static load of 300 lbs (136 kg). Surface mounted. Only 4" (102 mm) deep when closed.

Dimensions: 36" W x 22" H x 20⁷/₁₆" D
