Automatic Faucet

D AutoFaucet® with Surround Sensor

- Ergonomic and aesthetic design
- Touch-free; eliminates a major source of cross-contamination
- Encourages thorough, healthy hand washing
- Water conservation; the AutoFaucet® reduces waste by eliminating unnecessary and unattended water flow
- Surround Sensor Technology (no infrared) senses user from any angle
- Patented cam gear technology controls water flow and eliminates sticking solenoid valves that cause dripping
- All mechanical and electrical components are contained in every kit; units come semi-assembled to reduce installation time
- Won't corrode or fail; proprietary "dry" cam-gear design keeps all electronics away from water flow
- Polished chrome with 4" cover plate
